

"Marshal Kim Jong Un and the new era in Korea"

KFA Australia

Compared to the long and storied history of many other KFA branches, the KFA of Australia, at least in its current form, is relatively new. However, this freshness does nothing to quell our sense of duty to the DPRK and of course the leadership both in the immortal memories of President Kim Il Sung, General Kim Jong Il and the current Marshal Kim Jong Un, who is leading the nation into a new era, continuing the perennial war against the imperialist behemoth and moving ever forward for the betterment of the Korean people and in solidarity with workers around the globe. The KFA as a whole has stood as a stalwart ally to the DPRK for the entirety of its existence. The movement has fought against the lies of western media and imperialism in our own home nations, and will continue to do so for the future, until the silent war against Korea ceases. Around the world there have been dozens, if not hundreds of attempts to silence us, but the cause we stand by cannot be silenced by pen or by sword. People's Korea will continue to march forward to a prosperous future, and we in the Korean Friendship Association, be it in Australia or anywhere else on the globe we reside, will be behind the nation.

Glory to Juche, glory to Songun, the DPRK and KFA! Onwards to our next 20 years, and the many beyond that.
