

## **The KFA is the great Defender of Socialist Korea!**

It is now 20 years ago since the Korean Friendship Association (KFA) was founded in November 2000 by comrade Alejandro Cao de Benos who acts as its president since the beginning.

During these 20 years the KFA grows continuously and enlarged its ranks. It became a large international organization of friendship and solidarity with the Democratic People's Republic of Korea (DPRK).

The purpose of the KFA is the building of ties with the DPRK.

The KFA organized also its internet website which is recognized by the Government of the DPRK.

The KFA has offices in Pyongyang and in Spain.

It counts today more than 120 national branches as member organizations.

Our committee, the Swiss Korea Committee (KFA Switzerland), joined KFA in 2003 and organized also its own website at that time.

The KFA is the most active organization of friendship and solidarity with the DPRK. It does not only develop friendship but is a real defender of socialist Korea. It supports actively the Juche-based socialist construction in the DPRK.

The KFA counters the lies and slanders against the DPRK, spread by the imperialists and reactionaries and their mouth-pieces, the Western mass media.

The KFA informs the world people about the truth and the real situation in the DPRK.

It defends the great Leaders - President **KIM IL SUNG**, Chairman **KIM JONG IL** and the respected Supreme Leader Comrade **KIM JONG UN** - and praises them as the benevolent fathers of the country and the people. It gives a wide publicity about the leaders' great revolutionary work and life as well as their noble personality and their devotion for the national reunification and the people's happiness and well-being.

The KFA introduces the great and immortal Juche idea fathered by President **KIM IL SUNG** and disseminates it among the world people.

Numerous are the KFA's cultural activities in the last two decades, informing about Korea's history, society, culture and life.

The KFA is supporting actively the Korean people's just struggle for national reunification and took part on many international activities and gatherings in Pyongyang as well as in different places of the world. With these activities it defends peace and stability on the Korean peninsula and world peace.

Our committee is honoured and proud to be a member of the steadily growing international KFA family. We took part on several international gatherings organized by the KFA.

The KFA is called "the DPRK outside the DPRK" for its staunch and boundless defense of the DPRK.

We congratulate the KFA cordially and comradely on the glorious 20th anniversary of its foundation!

We wish the KFA a bright future and further successes and victories in defending the DPRK and supporting the Korean people's struggle for national reunification!

And last but not least we send our cordial and comradely greetings and thanks to comrade Alejandro Cao de Benos for his tireless work leading and developing the KFA into a steadily growing international organization of friendship and solidarity with Korea and the Korean people!

***Long live the KFA!***

***Glory to the KFA!***

***Glory to the Democratic People's Republic of Korea!***
