

Congratulatory message from the Korean friendship association Greece on the occasion of the 110th anniversary of the birth of our eternal president KIM IL SUNG

This year marks the 110th anniversary of the birth of our eternal president Kim Il Sung. This year I will not dwell on the work of the great leader who is well known all over the world.

This year, on behalf of our Eternal President Kim Il Sung, I call on you ALL to work hard to further strengthen DPR Korea. I call on all of you, intellectuals, workers, farmers, students, mothers and the elderly, to fight and work hard to counter the Western propaganda that is pressing against the revolution and the working class on the occasion of international developments.

I call on all the citizens of DPR Korea to continue to unite in the heart of the Party with faith and devotion, to continue to work hard for an independent and strong economy, to continue without interruption their further ideological education and to safeguard people's power and people's leadership of the leader KIM JONG UN.

The enemy will try to penetrate your heart and mind with false, mixed and toxic ideas, the same rotten ideas that in the past created the conditions for the rise of the counter-revolution in Eastern Europe.

The train running towards the revolution will not stop for any reason! It will carry away any dark counter-revolutionary effort, it will carry away every possible obstacle. The great victory of the Korean people must be everyone's priority.

The spirit of our eternal president KIM IL SUNG, the work of Generalissimo KIM JONG IL and the wise leadership of comrade KIM JONG UN provide us with the momentum to be today's winners as we were yesterday's winners, but at the same time bring us forward sacred responsibilities and obligations to which we must all meet with seriousness, faith, devotion!

We have a sacred duty to pass on to the next generations the fiery ideals of the Juche and the great work of our eternal president KIM IL SUNG. We, your allies from Greece, will officially establish the Juche Idea Study Group of Greece on 15.04.2022, laying the foundations for stable ideological work in Greece and the Balkans.

We send you our congratulations on the brilliant festive events. We send friendly greetings to cities, villages, factories, fields, camps and educational institutions. We wish health and prosperity to all!

Long live KIM JONG UN

Long live Juche Long live DPR Korea

Long live Worker's Party of Korea

Long live Korean People's Army
