

President KIM IL SUNG performed great deeds for the global independence with the Day of Sun approaching, Korean people and world progressive people feel an irresistible yearning for president KIM IL SUNG, who performed great deeds for the cause of global independence.

His revolutionary activities are characterized by indefatigable energy displayed over a long period of history, national liberation, building of new Korea, 1950-53 Korean war that defended national dignity, building of socialism and tireless efforts for Korea's national dignity and global independence. The record of his life serves as a great revolutionary and an outstanding leader.

The greatest among his exploits was the creation of the Juche idea, a guiding idea that reflects the demand of the times and the aspiration and will of human beings enabling them to become the masters of world and carve out their own destiny independently, thus opening a new era of independence.

Man-centred Socialism in Korea has advanced victoriously as it is based on the eternal foundation of achievements comrade KIM IL SUNG made in all Fields of the revolution and construction.

Today Korean people are now performing world startling miracle and exalting the dignity of Kim IL SUNG nation and KIM JONG IL's Korea under the wise leadership of supreme leader Comrade KIM JONG UN.
