

On The Occasion of 75th Anniversary of The Korean People's Army

Throughout 75 years of existence, The KPA has strike fear in the hearts and minds of its enemies. Under the leadership of Comrade Kim IL Sung, Comrade Kim Jong IL, and Marshal Kim Jong Un, The KPA has upgraded itself and remain relevant to the changing times and act as a powerful deterrent against hostile forces.

During The Fatherland Liberation war, when The DPRK was attacked by hostile forces. The KPA defended The Motherland against hostile forces with great pride and determination to rid the Korean peninsula of imperialism.

Now under the guidance of Marshal Kim Jong Un, The KPA is armed with Nuclear ballistic missiles acting as a strong deterrent against any provocations or threats. At the mentioned of the name Korean People's Army; itself has sent a strong message against any would-be invaders and striking fear in the hearts and minds of its enemies.

Thanks to the single minded unity of the people and a strong KPA. The DPRK is an impregnated fortress. Able to fend off any attacks.
