

Dear People of Korea,

We, the communists from Turkey write to you to express our appreciation and solidarity with the Korean People's Army and to celebrate their victory in the Korean War. This huge victory was achieved because of the determination and strength of the Workers' Party of Korea and the President Kim Il Sung. We would like to sincerely thank you!

In its valiant battle against colonialism Korean People's Army has successfully performed its duty to safeguard your people's independence and freedom. This victory is the result of the sacrifices that you made to protect the territorial integrity and security of Korea, as well as to resist unjust imperialist interference.

The Korean People's Army, employing the guerrilla tactics of great skill and courage, has demonstrated an impressive fight against the enemy, ultimately winning. This victory is a testament to the unwavering faith you have in the freedoms of Korea and the struggle for socialism and communism. You demonstrated to the world that Korea's future lies in a socialist system.

In this message, we would like to present a viewpoint that is anti-revisionist. Revisionism is a deviant that dilutes communist ideals and affects socialism in a negative way. The Korean People's Army is a model of adhering to antirevisionist principles. In defense of socialism, it has maintained its revolutionary policy and defended socialism's fundamentals based on freedom for the workers and the oppressed.

The victory of the Korean People's Army is a symbol of rebellion against imperialist powers. It's an inspiration for all oppressed nations that are fighting colonialism, exploitation, and inequality. You will be remembered as the ones who led an army that was able to change the course of history with its courage and determination in the struggle for independence and freedom.

Today when we celebrate the victory of the Korean People's Army, we are reaffirming our solidarity with the Korean people who refuse to bow to the imperial pressures and have chosen their own path. You are leaders who have come together under the banner of socialism to create an independent Korea.

We are extremely grateful to all the soldiers and commanders of the Korean People's Army, as well as the Korean people for this amazing victory. We appreciate your perseverance and commitment to socialist ideals. Courageous people like yourself are leading a global struggle against inequalities and advocating for justice.

Be assured that your victory will be commemorated for a long period of time to be. We are proud of you for commemorating this day, which goes into the history books as a major victory for the Korean people.

With communist greetings,

Can Uğur İnanç,

Official Delegate of KFA Turkey
